"Angleterre"

Well, the sun rose high in the English sky
And we set our sail for the morning tide
From home - my home
And we bade farewell with a loving kiss
To the ancient land and the silver mist
My home - oh
Now the winter's come
And the birds have flown back over the sea
And it seems so long
That I've been gone from the island of green...

Oh, Angleterre
Now I know deep down in the heart of me
I'll be forever there
Oh, Angleterre - my Angleterre

Well, the winds of change have blown away
And I found me another time and place
Called home - my home
In this foreign land my spirit sang
And I held the future in my hand
Like gold - oh
But the memory of my fairest isle
Lies safe in my dreams
Like the mother of my soul
She'll always wait there for me...

Oh, Angleterre
Now I know deep down in the heart of me
I'll be forever there
Oh, Angleterre - my Angleterre

Tous les nuits je reconnai
(Every night I realise)
L'amour est dans mon coeur
(The love is in my heart)
Je vois un soleil d'or sur la mer
(I see a golden sun upon the sea)
Et tous le jours, je repete les mots
(And every day, I repeat the words)
Et je suis sur...

(And I am sure...)
Demain, je reviens en Angleterre
(Tomorrow, I will return to England)
Oh, Angleterre...

Oh, Angleterre
Now I know deep down in the heart of me
I'll be forever there
Oh, Angleterre - my Angleterre
