I feel you in my veins
Your arms wrapped around me
Locked inside these chains
And bound by emotions too strong

And the message received
Harbours deep, dangerous fears
But I long to breathe
The love you've brought here

Make me a dream tonight
And let my haunted heart beat right
I want to believe you know
There's a woman inside
You've never known
Make me a dream tonight?

Closer to the fire
Your heartbeat surrounds me
Oh, soldier of desire
I'm fighting this battle for you

There's an old wound I keep
From the dark, lonely days
And the words that you speak
Won't just wash it away...

Make me a dream tonight
And let my haunted heart beat right
I want to believe you know
There's a woman inside
You've never known
Make me a dream tonight?

Show me a refuge within
And heal all the wounds that lie under my skin
Give me asylum and I will begin
To seek the cure and end the weakness

Make me a dream tonight
And let my haunted heart beat right

I want to believe you know
There's a woman inside
You've never known
Make me a dream tonight?
