"Message In My Heart"

Will you remember me
With the sunlight shining golden on my hair?
Or will it be when you lay with me
And I spoke your name as softly as a prayer?
Moments are captured in pictures of the mind
But the ghost of you still whispers
In images
I just can't leave behind...

Oh, there's a message in my heart
Calling out from across this land
Will you ever hear me?
Oh, there's a story in my soul
Waiting for you to know
Love lies here...

Will you remember me
As a small and precious gift that you have lost?
Or will it be that the holding back
Of every truthful thought is the highest cost?
Do you think of me?

Where is time the healer
Of the broken people's life?
When my every breath becomes
A death of silence
I know I'm not alive...

Oh, there's a message in my heart
Calling out from across this land
Will you ever hear me?
Oh, there's a story in my soul
Waiting for you to know
Love lies here...

Where is my existence
In the fragments of your life?
Does the imprint of my face
Linger with you
Across the great divide?

Oh, there's a message in my heart

Calling out from across this land
Will you ever hear me?
Oh, there's a story in my soul
Waiting for you to know
Love lies here...
