No signs of life - these are troubled times  
We've all been here before  
There's no living soul at my door  
And I am left unsure...  
Searching for truth with these misty eyes  
The light is growing dim  
The walls are caving in  
And these words come rushing into my mind...

Say a prayer for the angels  
I get down on my knees...  
Say a prayer for them now  
And let myself believe...  
Say a prayer for the angels  
So I can find some peace...

The rites of the world all lie in my hands  
Like sacred lines of fate...  
And time is the ghost at my gate  
Hours of glass that wait...  
Now, all that I am is a grain of sand

The grey and empty room  
Enfolds me like a tomb  
Is there a more celestial view of this life?...

Say a prayer for the angels  
I get down on my knees...  
Say a prayer for them now  
And let myself believe...  
Say a prayer for the angels  
So I can find some peace...  
So I can find some peace...

I believe, I believe in the angels  
I believe, I believe in the angels  
I believe, I believe...

Say a prayer for the angels  
I get down on my knees...  
Say a prayer for them now  
And let myself believe...

Say a prayer for the angels  
So I can find some peace...
