She walks in silent fields at dawn
And counts the flowers one by one
She lifts her face up to the sun
And greets the new day as it comes...
And she is whispering to the trees
(and on the breeze)
The spirit of a child
Running wild...

Oh, won't you sing Savannah
As the wind blows through your hair
Oh, won't you dance Savannah
To the rhythm of the air
The sun and the moon will both shine together
And the peace of the earth will hold you
Forever
And oh, won't you bring Savannah
Magic everywhere...

The autumn leaves come tumbling down
And form a rainbow on the ground
She takes the flowers she has found
To make into a golden crown
She's like a mirror to the beauty of the land
(she understands)
The earth beneath her feet
She is complete...

Oh, won't you sing Savannah
As the wind blows through your hair
Oh, won't you dance Savannah
To the rhythm of the air
The sun and the moon will both shine together
And the peace of the earth will hold you
Forever
And oh, won't you bring Savannah
Magic everywhere...

Let the love come rushing through you
And the world will open to you
Offering a blue and perfect day...

Oh, won't you sing Savannah
As the wind blows through your hair
Oh, won't you dance Savannah
To the rhythm of the air
The sun and the moon will both shine together
And the peace of the earth will hold you
Forever
And oh, won't you bring Savannah
Magic everywhere...
