She walks with me  
Into the silent darkness  
She walks with me...

Pale is the moon that hangs above me  
Cool is the breeze on moss and stone  
Still is the oak that stands before  
The path that leads me on...

I can see her waiting  
Lying in a circle on the ground  
Everything is peaceful  
Come to me without a sound...

She walks with me  
Into the silent darkness  
She walks with me...

Quiet is the night she has me follow  
Over the hill, through wood and stream  
I shall not waken 'til tomorrow  
Dreamer of the dream...

I can her singing  
Melodies the world has never heard

Everything is sacred  
Come to me without me a word...

Lailailaidaililai....

She walks with me  
Into the silent darkness  
She walks with me  
Into the silent...

She walks with me...

Pale is the moon that hangs above me  
Cool is the breeze on moss and stone  
Still is the oak that stands before  
The path that leads me on...

I can feel her leaving  
Will she ever come this way again?  
Everything is golden  
Light until the journey ends...

She walks with me  
Into the silent darkness  
She walks with me...
