hey pretty lady,
i said hey pretty lady
why dont u come over here
and talk to me
and talk to me
i just want to ask you
why your staring at me
why your staring at me
when i look into your eyes
i see this pretty lady staring at me
dont look away cuz youll break my heart
break my heart
ohhh i said hey pretty lady
why u staring at me
she said hey why u staring at me
i said cus your a pretty lady, pretty lady
she said, then look away
cus u will only end up breaking my heart
then i said hey pretty lady i wont break your heart
then she said how do i know
then i said because i wouldnt break a pretty ladys heart
then she said i want to believe but just cant
i finally said dont be scared to fall in love, to fall in love
