Behind the wall of my temptation that's where it all
began
She tied me up with my frustration and snapped my
rubber band
I remember a sweet patchouli she absolutely adored
Its all about with who your hanging & she gave me too
much rope

Shes a queen of my deliusion
Shes my zen from way back when
And because of my confusion
Is a face without a name

She lived on lucky charms & coffee
And Cracker Jacks surprise
She had me all reborn
And then she killed me with her eyes

Shes the queen of my deliusion
Shes my friend from way back when
And because of my confusion
Is a face without a name

Try and get a little bit
There's really nothing wrong with it
If no one see's ya
What you gonna say
When i don't know anyone
Blame it on the damn amnesia
Forgotten love don't got away
Shes still a name without a face

We did a little nip & tuck then
She whispered to my brain
She said lets fuck then
I forgot her name

Shes the queen of my deliusion
Shes my Zen from way back when
And because of my confusion
Yeah i've come to that conclusion
And she comes to me at all

And because of my confusion
Is a face without a name
