Theres a candle burning in the world tonight
For another child who vanished out of sight
And a heart is broken, another prayer in vain
Theres a million tears that fill a sea of pain
Sometimes I stare out my window
My thoughts all drift into space
Sometimes I wonder if theres a better place
(Tell me)
Where do fallen angels go
I just dont know
Where do fallen angels go
They just keep falling
Now the times in frightening
Cant ignore the facts
Theres so many people
Just slippin through the cracks
So many ashes are scattered
So many rivers run dry
Sometimes your Heaven is Hell
and you dont know why
(So listen)
Where do fallen angels go
I just dont know
Where do fallen angels go
They just keep falling, falling, falling...
Can you hear me
Can you hear me
Somewhere out there theres a shining light
And I got to be with you tonight
And with all were nowhere
We still pay the price
Yeah the Devil seems to get his way
In downtown paradise
Where do fallen angels go
I just dont know
Where do fallen angels go
They just keep falling, falling, falling...
Where do fallen angels go
I just dont know
Where do fallen angels go
They just keep falling, falling, falling...
Theres a candle burning
