If you think that you're strong  
Wanna fight well come on  
And line up  
When the going gets tough  
And your talk ain't enough  
Line up

We gotta get up, get out before they get us down  
Coz livin up against the wall, yeah  
Has got us locked up  
Come on and line up  
So don't be surprised when they pull the wool over yo  
eyes  
You don't get funky up

If you gots all the stuff  
And you can't get enough  
Then line up  
If you're out on a limb  
And you wanna come in  
Then line up

You're head's down, sittin' round  
Pick yo face up off the ground  
And get yo self together baby  
And learn to st-and tough  
Come on and line up

We better get to it instead of just standing around  
It's time to get down

If you're playing to win  
And you're only way in  
Is line up

If we all wanna live  
And we all gotta give  
Line up

We gotta get up, get out before they get us down  
Cause we're livin' up against the wall  
Yeah, has got us locked up

Come on and line up

You better get to it instead of just standin' around  
Yeah, it's time to get down

If you got all the stuff  
And you can't get enough  
Line up  
Line up  
If you think that you're strong  
Wanna fight then come on  
Line up  
Line up

You gotta get yourself together  
You gotta stand up and be counted  
You gotta love, you gotta love, you gotta love, you  
gotta love  
Uh
