Intro:

There is nothing wrong your perception of the reality  
Do not attempt to adjust the illusion  
We control the harmonics  
We control your emotions  
We will move you to the left  
We will move you to the right  
We can reduce the volume to a whisper  
Or increase it to a deafening roar  
Now is the time to submit quietly  
We control all you hear and feel  
You are about to enter a great adventure  
And experience the odd and mystery  
From your ultimate fantasies, to your deepest fears  
From which you may never return

Hello! Hello! Hello!  
Come on, come on, come over  
Hello! Hello! Hello!

And everybody'll know where you end

Goodbye, goodbye, goodbye  
There's no need to step over  
Goodbye, goodbye, goodbye  
Before you do all over

Love three times a day, lock yourself away  
Hate yourself and say  
And hit yourself Â...  
Love three times a day, know now everyday  
It's in your DNA  
A gentleman should ãi—lay with a band

It's a single, single, entertain  
If you really need to know how to call my name  
You can lose your mind, looking for your Â...

There's a one kinda know, that's just my style  
Kissing downtown men with your ... smile  
Playing it close, kissing lipstick girls,  
... spells

Love three times a day  
Lock yourself away  
Love three times a day  
And get yourself a...  
Love three times a day  
Ain't no other way  
In a minute  
It's time for you to take a stand
