Reason A Dog

You always come never know where you been

But a-now I'm here baby to even the score

You're up, you're down

You're always running in place

Triathlon if you please

You're always beggin' me for a taste

But I ain't up to snuff if you sneeze

Yak yak yak

Lord you give me the bends

Heads and tails

You're all out of love

Like The Reason A Dog

Has so many friends

He wags his tail instead of his tounge

Your older sister

She's a lot like you

She likes to grab my mircophone

Now there ain't too much she won't do

Especially when we're all alone

You're up, you're down

You're always runnin' in place

Triathlon if you please

Her mind's on rewind and erase

You might get shot, babe

When you're shootin' the breeze

Yak yak yak

Lord you give me bends

You're heads and tails

Are calling for love

Like The Reason A Dog

Has so many friends

He wags his tail instead of his tounge

(Repeat)

Your older sister

She's a lot like you

And there ain't too much she won't do

There's always something

That you got to say

I lose my mind and then I surely fade away, yeah
Yak yak yak
Lord you give me the bends
You're heads and tails
Now look what you done
Like The Reason A Dog
Has so many friends
He wags his tail instead of his tounge (Repeat)
