[Chorus:]

Talk is cheap, shut up and dance
Don't get deep, shut up and dance

Love has got me down
A tear just hit the ground
So I started writing you this song but the words I wrote
came out all wrong
Yeah but it's alright

[Chorus:]

Talk is cheap, shut up and dance
Don't get deep, shut up and dance

When you can't define the crime
Then life ain't worth a dime
When they take away everything you got
And they rub your nose in the funky spot
Not without a fight

[Chorus:]

Talk is cheap, shut up and dance
Don't get deep, shut up and dance

When you work your finger right to the bone
And what does that get you--NOTHING
In a crowd of people
You're still alone
You hope that tells you--NOTHING
The road to heaven is paved in hell
And it makes you wonder
Why we're here at all

Check out the shape of your circumstance
He wears the dress and she wears the pants
Here comes Jill and she needs romance
But you can't do jack so shut up and dance!

Sex is like a gun
You aim, you shoot haha, and you run
When you're splittin hairs with Mr. Clean
It' like gettin head from a guillotine

And the night has just begun

[Chorus:]

Talk is cheap, shut up and dance

Oh, shut up, shut up, shut up, shut up, shut up

Don't get deep, shut up and dance

Talk is cheap, shut up and dance

Don't get deep, shut up and dance

Talk is cheap, shut up and dance

Shut, shut, shut, shut, shut up

Don't get deep, shut up and dance
