Got no place to run
Got no place to hide
Sittin' at the railway station
Destination far behind, behind

Lived my life for love
Love that's hard to find
Some are givers, I'm a taker
Love can make you blind
Make you blind

Got no time to lose
Time you just can't find
Give a dozen yesterday's
To make tomorrow mine
Make it mine

Got one life to live
That's just borrowed time
Don't close or blink your eyes
You lose your chance to fly
Chance to fly

Got no place to run
Got no place to hide
Sittin' at the railway station
Destination far behind, behind

Lived my life for love
Love that's hard to find
Some are givers, I'm a taker
Love can make you blind
Make you blind
