As wild as wild can be) ?  
Yak yak ak ak ak ak aow  
Oooh gi gi gi ga...  
Take a walk in the warm New England sun  
Ain't no time to look for clues  
You get the point of Uncle Sam's loaded gun  
Who be the one to light the fuse  
Take a look, take a look at my old billy goat  
He used to raise all kinds of hell  
He took a dose of radiation dope  
A back in the barn is where he felt, like hell  
Aar...Lucy, a superdome  
Lucy, gimmie the dope  
(What make you think that you could do all the miles  
you can) ?  
After you drive in my car, car  
What you gonna do when your oil's Mexican  
OPEC boys, you went too far, too far  
Aar...Lucy, superdome  
Lucy, Coke-a-tome  
Aar...Lucy, kill me John (?)  
Lucy, sing a song  
(Ah), dig it up  
(Ah), live it up  
(Ah), live it up  
(Ah), give it up, up ,up  
Look out!  
I got a reefer headed woman  
She fell right down from the sky  
Well, I got a reefer headed woman  
She, she fell right down from the sky  
Oooh, I gotta to drink me two fifths of whiskey  
Just to get, just to get, half as high
