When your heart is breakin'
When your faith has been shakin'
When the road you're takin'
Takes you nowhere at all
When it all
Seems to all go wring
Remember nobody can always be strong
We all fall down

I will catch you
Never let you go
I won't let you
Go through it alone
So don't feel left out
We all fall down
We all fall down

When your dreams are shattered
When you feel broken and battered
When every step on the ladder
Takes you nowhere
But down
And you lose ground
Like you can't hold on
Remember nobody can always be strong
We all fall down

I will catch you
Never let you go
I won't let you
Go through it alone
So don't feel left out
We all fall

I will lift you
High above the rain
I've been with you
We all feel the pain
So don't feel left out
We all fall down
We all fall down

Everyone breaks
We all get hurt sometimes
In this life
Fly so high
We crash and burn sometimes
And I want you to know
Oh you are not alone
We all fall down
(Yeah, we all fall down)

I will catch you
Never let you go
I won't let you
Go through it alone
So don't feel left out
We all fall

I will lift you
High above the rain
I've been with you
We all feel the pain
Don't feel left out
We all fall down
We all fall

I will catch you
(I will catch you)
I won't let you

So don't feel left out
We all fall down
We all fall down
