I wake up and wonder
how everything went wrong
Am I the one to blame
I gave up and left you
For a nowhere bound train
Now that train has come and gone
I closed my eyes and see you
Lying in my bed
and i still dreamed of that day
What could have been love
Should have been the only thing
that was ever meant to be
Didnt know couldnt see
what was right in front of me
And now that Im alone
All I have is emptiness that comes from being free
What could have been love will never be
yeahhh
An old friend who told me that you found somebody
new
ohhhhh, youre finally moving on
You think that Id be over you
after all these years
Yeahhh but time is proving wrong
Cause im still holding on
Yea yea Yea
What could have been love
Should have been the only thing
that was ever meant to be
Didnt know couldnt see
what was right in front of me
(What could have been love)
And now that Im alone
All I have is emptiness that comes from being free
What could have been love will never be
yeah
We've gone our separate ways
Say goodbye to another way
Still wonder where you are
Or are you too far from talking back
You were slipping through my hands and I didnt
understand

What could have been love
Should have been the only thing
that was ever meant to be
Didnt know couldnt see
what was right in front of me
(What could have been love)
And now that Im alone
All I have is emptiness that comes from being free
What could have been love will never be
What could have been love will never be
What could have been love
What could have been love
What could have been love
(What could have been What could have been)
(Love)
