Wont let you down  
This time around  
Wont let you down  
Wont let you downnnnn

I made a wish upon a four leaf clover  
The symbols in her head said come on over  
Yeah cause in my mind I'm going out a  
We had love there aint no doubt a  
I wanna get down with you once again  
You can look into my eyes  
I'm leaving it up to you tell me when  
Couldn't loose me if ya tried  
I wanna get down with you once again  
So I can love you love you love you love

wont let you down this time around  
wont let you down  
wont let you down

if you see ? don't be afraid to kiss her  
now she's not there who cares we'll never miss her  
we'll wind you to my point of view  
I'll be the man to tame your shrew

I wanna get down with you once again

You can look into my eyes  
I'm leaving it up to you tell me when  
Couldn't loose me if you tried  
I wanna get down with you yeah again  
So I can love you love you love you love

Ohhh you take ??  
Breaking in his good vibration  
We'll Take good care of your frustration

Come on come on come on come on come on come on  
yeah  
Come on come on come on ::

I wanna get down with you once again

You can look into my eyes  
I leaving it up to you tell me when  
And we can lucy in the sky  
I wanna get down with you and a friend  
So I can love you love you love you 2

Wont let you I'll bet you  
Wont let you down  
This time around  
Wont let you down  
Wont let you I'll bet you  
Wont let you downnnnn
