There's a tear in my heart where the blood ran out.
there's a tear in my heart where the love ran out. i
thought we worked, pushed toward the same ends, i'll
never be so quick to trust again. disenchanted,
disgusted, i regret that i trusted. i put my faith. my faith
in you, you poisoned me through and through. i though
we both shared the same injuries. now i've found it's
you who injures me. my heart is cracked from being
left out in the cold. i know you'll pay for what you've
taken - tenfold. disenchanted, disgusted, i regret that i
trusted. i put my faith. my faith in them, they twisted
the knife further in.
