I live in truth, complacently. where's the threat you see  
in me? am i the cause of your self consciousness? you  
scream at me 'cause i can't ignore the destructiveness  
that you support, 'cause my life's contrary to yours. no  
soft words from my mouth. a glazed look in your eyes. i  
live in the world of reality, you comfort yourself with  
lies. i will release myself, i will detach myself from you.  
i will detach myself from you kind. i've seen your life  
but i can't see how it is that you can be so content in  
your own ignorance. it's been so dark for so long now a  
new light has come along, illuminating all, so shut your  
eyes. i won't tell you what you want to hear, i will show  
you what's real. i will, will defy.
