The gate of hell is opening  
With every single sin that's committed  
The Road to perdition is getting longer  
With exclamations from the shelters

I feel tired  
I See hopes are nearly lost  
I'm about to be exhausted

Everlasting greed and cupidity  
Inhumanity reign in the cities  
Innocent lives are taken by dirty hands

Crimson rivers are flowing on the streets

Babies are born marked by the guilty past  
Open their eyes in irresistible agony  
Crying out what is our sin?

The brand new world is rising  
There is no dream and no feelings

Serenity has almost died out

Eras of breed of loathing
