"Get off that stuff", she said

"And I'll stone you instead"

"Unchain yourself", said she

"And tie yourself to me"

We

I'm on the floor, I play with knives

You can call and ask your wife

She's been over once or twice

Likes to use me

And I'm her slave

But I don't need, no chain

I'll behave

Give me more of what I've come to expect

Wrap your love around my neck

Understand me when I say

You'll deny me

And I'm her slave

But I don't need no chain

I'm her slave

Get me down with my head up high

May your barrel shift that

All my worries shift by

My love

I'm her slave

I'm her slave

I'm her slave

I'm her slave
