(dulli)

If i stepped it off
Walked outside your trance
Crawled inside your mind
And got my hands into your pants
Wouldn't that beat all
Wouldn't that be great
And all the things you do to me
We could exaggerate
Now everybody knows
Or everybody wants to know
The hows, the whens, the whys
Of how i said goodbye
Don't forget the alcohol
Ooh baby ooh baby
Don't forget the alcohol
Ooh baby ooh baby
Don't forget the alcohol
If i stepped it off
Walked outside your trance
Crawled inside your mind
And got my hand into your pants
Don't forget the alcohol
Ooh baby ooh baby
Don't forget the alcohol
