When I'm traveling far from home
On the wide horizon
I can feel you're still around
And the dream overtakes me

Then I know, you'll stay in this moment
We'll go where it's flowing
You'll be what you want to be
Right here, with me

When I'm out here on my own
And it all cuts through me
I see you're safe alone
Ah, then it hits me

And I know, you're here in this moment
Right where it's flowing
You are what you want to be
Right here, with me

Stay in this moment
Go where it's flowing
You are what you want to be
Right here, with me

With Me
