Moments of love
Close beside you in the warmth of the light
All through the night
It's just you and me
Making music to the beat of our hearts
Lost in the stars

Moments of love (Moments of love)
Bringing us closer together
Sweet memories (Sweet memories)
I know we'll remember forever
Moments of love

My lover, my friend (my friend)
I can tell you all the things that I feel
Oh what this means
Here in your arms
I feel just like I can do anything
You've given me wings

Moments of love (Moments of love)

Bringing us closer together
Sweet memories (Sweet memories)
I know we'll remember forever
Moments of love

Framed photographs and letters
Signed, I love you
Promises we made and kept
And dreams that came true
(Dreams that came true)
Dreams that came true

Moments of love (Moments of love)
Bringing us closer together
Sweet memories (Sweet memories)
I know we'll remember forever
And day after day
We'll fill our lives
With moments of love
