I've come from the dead, to give, You a message that
you have ignored,
Surprise, wake up, I won't stop until you hear these
words,
From Me, Listen to me, You, will hear me, You will,
You'll hear me
You took advantage of me, I don't wanna die, I don't
wanna die, But I'll get by
Don't you recognize my own voice? I don't wanna die, I
don't wanna die, But I'll get by, by get by
Darling, it's me, listen to me, I'm right here, I don't
know who you are, please leave me be...
Your wish is my command, I'll always stand by your
side, Help me find who this is, It must be known,
I cannot believe my eyes, they must be deceiving me,
Can this, be true? Oh how can it?
If I only knew, that it was you, I would have been swept
away,
But now I have to stay, I've made a solemn oath,
without you here
And now I have to learn, what life's like without,
Can't take it back, Can't take it back, Please, leave me,
I'm sorry,
