If you can't speak just cry. Kids are born while fathers die. And bullets fly. Sent across to the other side of the world. As we take and we take and we take. And the world goes blind cause it's eye for eye. When did His words become. Something we thought we could decide and.

Why is it so far from over. Why are we so hard to teach and. Please come help us solve it tonight. Why is Love so hard to reach and. Why is it so far from over. Why are we so hard to teach and. Please come help us solve it tonight. Why is Love so hard to reach yeah.

When will this all end. I know we can make it through together. We're not picking sides but maybe. War isn't won on the ground or in the sky. But in our hearts as we let Love win or die. These wars aren't just overseas or in the battlefields. But you and I yeah you and I. So hold on baby, I know we can make it. Through together. Maybe, maybe Love is still. The only way to win the war and.

Cause I'm so tired. Of the same sad stories. Tired of the world. Self-destructing. When will the world see. That we need Love. Help us father of Love.

Why is it so far away? Why are we so far away? Why is it so far from over? Why are we so hard to teach? And. please come help us solve it tonight. Why is Love so hard to reach? yeah.
