Burkowitz MOB STYLE

Spit fire from my hammer like I wasn't God's child

Crucify me - but don't deny me

Or get slit bitch you couldn't slip nothin' by me  
Try me and I'll pop shots like I'm supposed to  
I'm from the field where the covers are unnoticable  
I've noticed a few niggas wantin' my head  
Used my smarts and my secret all are firin' lead (Fire

With all intentions of droppin' a body  
I'm usually nervous so I'm flinchin' when I enter the  
party  
THE BROWNSVILLE NECTAR

Just when you thought it was safe I flipped and hit 'em  
wit more shit

Chorus 2X:

[Teflon]  
Introducin' the best kept secret  
It's no sweet shit I sleep wit green beret  
Blaze enemies frequent  
I speak wit authority  
(Black) Perhaps through four to be  
Cap quarterly blazed till it's quiet and orderly  
The gunsmoke make son soak  
The smoke run through the barrel until the gun choke  
Raised cold-hearted and deadly  
Survive wit a nickel-plated tool and jewels old-timer  
done fed me  
Keep my grip steady  
Squeeze till they drop off  
Make sure all other guns are popped off as heavy  
Blowin some high-tech shit  
Through your projects  
Makin' whatever was in my way easy to di-tect
