

After The Fire "Frozen Rivers"

Visit "[Frozen Rivers](#)" on MotoLyrics.com

Moving headlights shining through the rain
Neon diamonds light the streets again
Songs of Freedom written on the wall
Words of Heroes spoken as they fall

You're telling me the same old story
On and on and on
You're never going to learn to stand up on your own

I gave you everything you said you wanted more
Love lies broken, I've heard it all before
Good intentions are all the same to me
Frozen rivers never reach the sea

You're telling me the same old story
On and on and on
You're never going to learn to stand up on your own
