I know you think I'm crazy, I know you think I'm mad
But what I'm trying to say is, You've got to understand
All the world I'm talking to you, You've gotta listen to
me

World I'm talking to you, You've gotta listen to me
They wanna take your freedom, they wanna tie you
down

They tell you you can fly, But then they push you in the
ground

All the world I'm talking to you, You've gotta listen to
me

World I'm talking to you, You've gotta listen to me

They'll sell you down the river, They'll steal your very
soul

You need to be delivered, by the rock that doesn't roll
All the world I'm talking to you, You've gotta listen to
me

World I'm talking to you, You've gotta listen to me

I know you think I'm crazy, I know you think I'm mad
But what I'm trying to say is, You've got to understand
All the world I'm talking to you, You've gotta listen to
me

World I'm talking to you, You've gotta listen to me
