You don't have to tell me, I can see it in your eyes
You think it's going wrong again but you're wrong and I
know it
You're trying to keep it from me but it's too much for
you to hide
You think it's going wrong again but you're wrong and I
know it

Didn't anyone tell you, love will always make you cry
But I think we can pull through, if we try

You say what's the use in talking when there's nothing
left to say
You think it's going wrong again but you're wrong and I
know it
We've got to sort this out together, there isn't any other
way
You think it's going wrong again but you're wrong and I
know it

Do you remember those times we had together
When there weren't enough hours in the day
We were two lovers who were happy with each other
And that's how it would always stay
Well don't you think that we've come too far just to let it
all slip away

It's a crazy conversation 'cause you're listening all the
while
You think it's going wrong again but you're wrong and I
know it
I can't stand it any longer come on girl you know I need
to see you smile
You think it's going wrong again but you're wrong and I
know it
