Sometimes all I need is just to know you're by my side
That's enough to make me feel secure
Sometimes all I need is just to see it in your eyes
I never need to ask for any more
But then you say you love me
And it's more than I can stand
Times like that I think you're going to blow my life away
I come looking for you
You're there waiting for me
Waiting there to start another day
Sometimes I feel the world is really closing in on me
With darkness coming in on every side
Sometimes there's no escape for just as far as I can
see
And all I want to do is run and hide
But then you say you love me
And it's more than I can stand
Times like that I think you're going to blow my life away
I come looking for you
You're there waiting for me
Waiting there to start another day
