I don't know why it is that you love me like you do
I don't know why it is when you know I'll be untrue
I don't know why it is you wanna take me to yourself
I don't know why it is - you're better off with someone
else

And now I know it, and I guess you know it too
Your love is alive, Your love is alive, Your love is alive

I never knew that there could be so much more to live
But I never knew that you had so much more to give
My life was a desert til you came along like rain
Whenever I'm empty you just fill me up again

And now I know it, and I guess you know it too
Your love is alive, Your love is alive, Your love is alive

I don't know why it is that you love me like you do
I don't know why it is when you know I'll be untrue
I don't know why it is you wanna take me to yourself
I don't know why it is - you're better off with someone
else

And now I know it, and I guess you know it too
Your love is alive, Your love is alive, Your love is alive
