You had a choice it was your world to make it.  
My offer was there you just had to take it.  
Can't believe I wasted so much time on this endeavor.  
Tried, tried, tried but I can't wait forever.  
Tired of wasting all this time, I moved on with my life.  
I'll just stand back and watch as no-one comes to me.  
I've decided I'm gunna be the one, you've gotta open  
your eyes.  
You realize that sometime, you gotta make up your  
mind.

Lost time, lost energy.  
Now I am left with your empty memory.  
Never again will I go down this road.  
Your rare against (have) finally showed.

Too good for me you can be all alone.  
Spend some on friday, next with mom at home.  
See if anyone else will give you the time.  
Lied, lied, lied but It's all in your mind.  
Tired of wasting all this time, I moved on with my life.  
I'll just stand back and watch as no-one comes to me.  
I've decided I'm gunna be the one, you've gotta open  
your eyes.  
You realize that sometime, you gotta make up your  
mind.

Made up your mind, made up your mind.  
Used your last chance, used your last chance, used  
your last chance.  
Decided.
