You're there in all my thoughts, you're there in all my dreams,
Now you are here, and it's hard to believe.
Seems like yesterday, when I was on my own.
What I could do, I'd do you here?
All I want is to be with you and I will always be true.
You said that when I go to bed, thoughts of you fill my head.
I'm just waiting for the day you and I run away.
You said I know, you can see how special you are to me.

Now that you're here, my dreams have come true.

With you by my side, my worries are gone.
Looking back on how things have changed.
Now that I have heard you say:
"All I want is to be with you and I will always be true.
You said that when I go to bed, thoughts of you fill my head.
I'm just waiting for the day you and I run away.
You said I know, you can see how special you are to me."

And I know you can see how special you are to me.
