Shooting through the hollow
My syringed dreams were flushed
Darker pleasures will follow
I'm ensnared in your hush

Desiccate
Don't dedicate
So stereotype
So fake inside
You don't sense me, no one does
My self-esteem now takes it's end

You stabbed me in your kiss
You slabbed my lips on the floor
Draining away tomorrow's bliss
Incessantly wasting for more

Disown
This is me, breaking away from you're arms
Enfolds
With open hands I wrap myself to your neck
Contempt
This is you realizing the harm that you done
Recede
Broken down, I give you back what was left
Now, I'm feeling the way that you do
You didn't think that I was unto you

Intoxicating beauty
(falls straight down, into my spine)
Leave me be and let me rest
Your smile has no effect on me
(decaying trash sets bane inside)
Do your worst to your heart's content

Now, I'm feeling the way that you do
You didn't think that I was unto you

I'll find a way to get even with you

Disgraced
Entrapped

Condemn
Repel

This is me unto you...

I'll find a way to get even with you...
