[VERSE 1:]

My heart burns my soul cries the yearning for you  
Makes me tremble and fall apart the sweat from your  
skin  
Slight hair from your back and through the neck  
A trail of salt-stretches through-the-sea of pain

Your eyes stare back at me the lights go dim  
In this old room your lips are dry you want me to touch  
And be in your special place, but never into your heart

It will never be over

I ask myself over and over again, will you be mine? -  
you will be!

[CHORUS:]

I can feel that you will be mine (in some ways)  
I can see that you will be mine (in any other way)  
I can feel that you will be mine (in some ways)

I can see that you will be mine (in any other way)

[VERSE 2:]

My heart and mind are set on you no matter how ob-  
livious you are it never ends my love is so pure  
I assure no one touches you; forever I will wait - until  
you are mine

It will never be over

[REPEAT CHORUS]

ADLIB

[BRIDGE]

My life controlled it will never be over, until you are  
mine (never be over)  
This love unfolds it will never be over, until you are  
mine (never be over)  
My soul destroyed it will never be over, until you are  
mine (never be over)

This faith disturbed it will never be over, until you are  
mine (never be over)
