Elvis was a skinhead  
He wore a greaseball wig  
Ate fried chicken every day  
He was a real fat pig

Elvis had no hair at all  
He wore a porkchop on his head  
Elvis used to be the king  
But now the f\*\*\*\*\*'s dead (he's dead)

On the day he died  
Fat old women cried  
Too many drugs one day  
Made him go away

[instrumental]

Elvis lived with Hitler  
On his last few days of hell  
Played Las Vegas 15 times  
And ate at Taco Bell

On the day he died  
Fat old women cried  
Too many drugs one day  
Made him go away  
On the day he died  
Fat old women cried  
Too many drugs one day  
Made him go away
