Got out of bed today
I'm alive what can I say
I'm really happy to be
somewhere with someone who makes me happy

I took the bus downtown
all day long I walked around
I looked at all the sights
and thought about how lucky I am now

I was sick of feeling down
so I gave it all away
2,000 from all I know
and so much better off today

I'm still waiting for the world
to come crashing down again
And I'm still waiting for someone
to call me up and tell me your dead

Sometimes I wonder what was
going through your head
I dont know
but I wont go there again

You make me smile so wide
when I look into your eyes
When your not around
you know your somewhere stuck inside my mind

So I here I am today
I was lost for 20 years
I found clarity
the day i took a chance and moved away

I was sick of feeling down
so I gave it all away
2,000 miles from all I know
and so much better off today

But I'm still waiting for the world
to come crashing down again

And I'm still waiting for someone
to call me up and tell me your dead

Sometimes I wonder what was
going through your head
I dont know
But I wont go there again...

No I wont go there again...
