Won't be another statistic...
Won't be a minority...
I'll achieve every goal I have...
There's not a thing I can't be!
Just as long as I am happy,
That's all that matters to me.
I'll walk away from this place
On that unhappy day that I have to follow rules,
This so-called book you go by
Was written for a fool!
Maybe now you understand
Life from my point of view,
I've got my head on straight
And have no urge to be like you!
Oh sure I strive for a better life.
But, is that so fucking wrong? ? ?
Change in my pocket...
Girl by my side...
Perfectly happy.
