Get your hands off that boy  
Don't smash his head with a bam-bam  
We're not happy with your toy  
They just wanna enjoy-joy

Yes, it's safe to turn your back  
But you don't know much about that  
Now put away your riot helmets  
Crazy wearin' those bullet-proof vests  
Now put away those guns  
Oi boy's not a threat  
No trouble, no regrets  
Oi, oi, oi!

Leave us Mr. Swatman

Get your guns off that boy  
Please don't use your bang-bang  
They're just here to enjoy  
All they want is to slam-slam
