Atari Teenage Riot  
Anonymus Teenage Riot  
Are you ready to testify?  
Are you ready to testify?  
Black Flags  
Are you ready to testify?  
You've got two seconds  
Are you ready to testify?  
Come on

There's a unified axis of government  
And corporate power  
Lawless and unrestrained  
That's what we should talk about  
Corporations exploit the power of the state  
To further enhance their power  
And the real criminals  
Get away

Are you ready to testify?  
Are you ready to testify?  
Black Flags  
Are you ready to testify?  
Come on
