Kids are united
They will never be divided
Kids are united
They will never be divided

(1, 2, 3, 4)
Kids are united
They will never be divided
Kids are united
They will never be divided

You know that violence is a disease
It's going to be a part of your lives and your future
If you don't do something against it

But if we put our energies together
We could be a very powerful era
Riot sound effects can produce riots

Play them in a riot situation
And the police will come you'll see
The kids are united and they will never be divided

Play this game right, no difference between black and
white
The difference's between young and old
Just pointing out that cuts on a ghetto
Blaster can be used as a weapon, fight

(United, united)
The game is drawing to a close
(United, united)
So it looks as good a time as any to ask the final
question
(United, united)

What does the future hold for us?
(United)
Bring it down to ask for the coming back
(United)
If the kids are united
(United, united)

Kids, kids
Kids, kids
Kids, kids
(C'mon)
Kids, kids
(United)

Kids, kids
Kids, kids
Kids, kids
Kids, kids
(United)

(Riot, riot, riot, here)
Kids are united
They will never be divided
Kids are united
They will never be divided

(United, united)
Riot sound effects can produce riots
(United, united)
Play them in a riot situation and the police will come
you'll see
(United, united)
The kids are united and they will never be divided
(United, united)
Play this game right
(United)

No difference between black and white
(United)
The difference's between young and old
(United)
Just pointing out that cuts on a ghetto blaster can be
used as a weapon
(United, united)
Turn it up and see what happens
(United)

The game is drawing to a close
(Kids, kids)
So it looks as good a time as
(Kids, kids, kids, kids)
Any to ask the final question
(Kids, kids, united)

What does the future hold for us?
(Kids, kids)
Bring it down to ask for the coming back

(Kids, kids, kids, kids)
If the kids are united
(Kids, kids, united)

They've got 80,000 in the bank
(Kids, kids)
And they don't know how to live
(Kids, kids)
I used to work in a club
(Kids, kids)
Where they never came to dance
(Kids, kids)
Fuck them up
(United)

(Riot, riot, riot, united)
Kids are united
They will never be divided
Kids are united
They will never be divided

(C'mon)
Kids are united
They will never be divided
Kids are united
They will never be divided
(Divided)

United, united, united
United, united, united
United, united, united
United, united
