I just had to take some time  
Get back to what was mine  
Get away from my sweet crazy life  
Hey good buddy, it's been a while  
How are things for you up there?  
This is all I need to know  
I'm here, you're there now

Sorry but I have to say  
It feels good to be alive  
Go my way nobody gonna bring me down

If I get lost in the dark  
Can you tell me what went wrong  
If I fall down in the dirt  
Can you lend a hand

The sky is blue  
The sun, it shines  
It's the same for everyone  
You and I will meet again  
So I won't say good bye

Dear my friend  
Now you have your freedom  
Dear my friend  
Can you hear I'm calling, dear my friend

What is love, what is happiness, what am I  
Past, present, and future  
Life is going, life is going

If I get lost in the dark  
Can you tell me what went wrong  
If I fall down in the dirt  
Can you lend a hand

The sky is blue  
The sun, it shines  
It's the same for everyone  
You and I will meet again

So I won't say good bye

Dear my friend

Now you have your freedom

Dear my friend

Can you hear I'm calling, dear my friend
