How many times
Looking at your picture
I've liked the way that you talk to me
But even in my dreams
I've had to let you go
I know, I know
You're gonna say
It's slippin' through our fingers
And all I want
Is darlin' to be wanting you
Get away
Don't give me the fever or the touch
'Cause it hurts too much

We got a way
With pulling in closer
And treating love so recklessly
We got a way
With pushing our luck
Oh, I've got a way with you
And you've got a way with me

We got a way
With taking it higher
And hanging on so helplessly
We got a way
With pushing our luck
I've got a way with you
And you've got a way with me

How many times
Thinking of the feelings
I like it better when you're close to me
And in my heart
I'll never let you go
I know, I know

And when I look
Look into your eyes I see
The way you're holding
And you're tempting me now
I feel your kiss

I've got to get away
But tell me this
Tell me will you miss me

We've got a way
With taking our chances
And hiding things that lovers do
But when you leave me
Darlin' I just can't hold on to you
If only for second chances
If only for words we have to say
If only to find real love
I have to get away
