When the Darkness takes the light of the day away  
And the black moon starts to rise  
When all the waters turn red  
just remember what i said  
There is no place where you could hide

I will make you taste the pain  
I will take your life away  
I will set your spirit free!

This is your destiny  
Death want's to set you free  
Pain is the only thing  
You'll ever gonna feel

I am the one who takes the light  
of the day away  
And make's the sky turn black  
From the cradle to the grave  
It is the only way  
This is the end, you can't turn back

I just want another try  
I don't yet want to die  
I just wan't to live my life...without pain

Death is your destiny  
I want to set you free  
Hate is the only thing  
You'll ever gonna feel

Let me make a final wish:  
Just one small, but killing kiss  
Then bury me into the mist

Death is your destiny  
I want to set you free  
Hate is the only thing  
You'll ever gonna feel.
