"Never Ending Pain"

Visit "[Never Ending Pain](#)" on MotoLyrics.com

All of my life I walked alone
Never found my way back home
Then you came and showed me the way
The way back to my home again

The Flame inside of me
is almost ceased
Your love keeps it burning...eternally

What is this pain
that hurts inside of me?
Tears fall like rain
But they can't drown my
Never-Ending Pain

I know that I shouldn't stay awake
But your voice keeps calling my name
Is this real or is this just a dream?
I cannot feel I must be asleep

The Flame inside of me
is forever ceased
But nothing can take you away...away from me .
