I haven't seen the world look so lost
Prepare for the worst and let me tear away
From all of this.
But still I know that you're at war
All of this! and now I know that you can't
Let go!

Is this all a dream
Or is this really happening?
Trace all the lines that will lead
You back to the surface again
Back to the surface again.

My Hands! My hands are shaking on your chest
But I, I can't feel you breathing tonight
I know that you're ok you'll be alive
When this is over this is over!
I cant! I can't feel you breathing! Breathing!

Is this all a dream
Or is this really happening?
Trace all the lines that will lead
You back to the surface again
Back to the surface again.

My hands, my hands are shaking on your chest
But I, I can't feel you breathing tonight
I know that you're ok you'll be alive
When this is over this is over

I know that you're ok and you'll be fine
I know you'll regret all the things that you left behind
Now you Bless them all!
And you'll be gone to long

Is this all a dream
Or is this really happening?
Trace all the lines that will lead
You back to the surface again
Back to the surface again.

I know you wont let me fall on my own

I know you wont
I know you wont let me be
