To fake is no longer worth it  
Everyone knows that you passed it on  
And I cant change what weve got  
Cause in my veins is running your dirt  
So tell me this went just how you planned it  
Tell me

Final de todo  
A.I.D.S., see what you did, see where we fall  
Regret, see what you did, see where we fall  
Regret, see what you did, see where we fall  
Regret, were gone

Take a moment to feel  
Your time is gone and now so is mine  
You damn fucked up my life  
I bet you cant be laid back this time  
So tell me this went just how you planned it  
Tell me

Will never see my sons face  
I will never feel my hair again  
Feel my skin that slowly rots  
I cant even walk by myself  
Cant imagine how I feel now  
I will never go where I had planned  
Who will say that I would pay  
The price with my last days  
Its so ironic I cant talk but  
My painful words will stay in a song

A.I.D.S., matastes mi ser  
A.I.D.S., you ended my will
