The one who calls me insane, me pregunto quin?  
Cause no one around knows in fact my name  
Quien sabe quien soy, back in town  
Is waiting for the moment just to bring me down  
Check the body no found bullets around  
Who cries now, would you open your mouth  
La gente adia without sense like a fobia  
If is not your business stay back I told you  
Who can really feel respect for your words  
I dont think I should stay anymore  
Town its not my blood, its not my town  
Dont tell me shit in front of muerte  
For sure in future you wont have that suerte  
Esta vez no convengo que siempre te creas  
The god of the hood  
Who decides who really scare us  
Damn aggression, bad presagio  
Come when its time just to see the epitafio  
Keep the distance sigue tu camino have respect  
For the kinds and for me que soy latino  
And those who call me insane  
Dont even know my name  
And those who call me insane  
Dont even play my game  
7 es tu nmero de suerte habr  
6 muertos y 1 sobreviviente  
Es mi trato nato only for the navato  
Ill give him respect no more licor barato  
Ive head million versions of the same reflection  
Im looking around and faking is prevention  
A gift of what I have in mind  
Aggression has begum and you loose your time  
How can really feel respect for your words  
I dont think I should stay more
